

It does seem to rain a lot in the Lake District! This creates beautifully lush landscapes and green pastures which stretch out as far as the eye can see. With its own micro-climate, the visitors who spend time in Cumbria have long given up on expecting sunshine! We expect a bit more rain in November but, after accepting the chance of rain in winter, you'll realise that the showers often contribute to the beauty of the landscape.

For a wonderful winter hotel break this December in the Lake District, pack your woollies and your wellies and get ready to explore the panoramic postcard scenes before the Christmas crowds arrive.
