

March in the Lakes

The Lake District and Cumbria has lots going on all year around. If you're in the Lakes this month, whether you love walking, cycling, music or art, here are some ideas to put in your diary, The Beatrix Potter Magic Lantern Show (13th March). Cumbria Life Home and Garden show (18th – 19th March). The Wheelbase Spring Classic Cycle Sportive (19th March) – be the next Chris Froome or Bradley Wiggins as you make your way up the 1.7-mile climb over Shap. Coniston 14, which is a 13.8-miles road race (first started in 1982) and is now a popular event in the Lake District – and one of the most beautiful routes too, circling around Coniston water (25th March).

THE BEAST FROM THE EAST!

We considered ourselves really lucky as the 'beast' managed to avoid us here in Crosthwaite and the surrounding area. (We did have some snow and the local schools were closed for a day, but much to their disappointment they were back open the next day). On the upside, we did have some spectacular views.
